Some of the mistakes I made like wearing jeans to Coachella did not bring a pair of shorts and it was insane hot also it was awkward cause I was the only person in the whole festival wearing jeans. Even though at a festival no one judges the way someone is you can dress as crazy as you want and it's ok everyone is friendly at a festival especially EDM festivals like EDC. Another moment losing my best friend at beyond wonderland music festival we found each other miraculously later on and it was like we haven't seen each other in years that feeling was great maybe use that and say it's a great idea to set up a meetup location just in case you get lost.

7. What do you want your audience to think or feel as a result of experiencing your presentation?

Something fun, funny, I would like them to feel like they learned something maybe say this would be something crazy to do

8. Is there an action that you would like your audience to take as a result of experiencing your presentation?

Maybe a few of them telling me later that it wouldn't be a bad idea to experience a festival.

9. What is your deadline for delivering the speech?

Jan 16 ,2019

10. Finally, please provide your speechwriter with any additional information you would like to have included in your speech. Include all information you feel is essential to your speech.

An Informative speech on surviving music festivals focusing mainly on EDC and Coachella but you can write about other festivals as well like bonnaroo, beyond wonderland, Ultra. Explain maybe how to save money before and during the festivals, some tips on things you can do to not be dehydrated and sunburned, how to deal with alcohol, maybe a way to get it cheaper, how to organize the set list you want to see, maybe the different styles of EDM how knowing what each style is can be more enjoyable once your there how to deal with 3-4 day festivals how to get hotels cheaper maybe and how to camp at a festival and deal with the people around you . The speech has to have enough words for it to be 5 minutes long when saying the speech... has to include outline which I can include the example on how the professor wants it and 2 sources in MLA/ALA format.
