

A speech persuading the audience to make a specific financial investment (At least 5 minutes)

1. Convince the audience to make a specific monetary investment that will show a financial return. You are limited to specific stocks, bonds, stock funds, or bond funds.
2. You must answer three questions for the audience. How much will it cost to make the investment? What is the expected rate of financial return? What is the risk involved in the investment?
3. Use Netflix stocks.
4. Use 5 sources in an annotated bibliography.
